

YOUR PATIENT is requesting the same Sublingual Immunotherapy (allergy drops) that are being prescribed throughout the country.

Why AllerAlt Drops?

Are you frustrated with losing continuity of care by referring patients out for allergy shots?

- **No shots! Take under-the-tongue drops at home.**
- **For environmental and food allergies**
- **Safer and less age-restrictive than shots¹** (Sublingual immunotherapy has been shown to be safe for children under five.)
- **73% of allergists surveyed are now prescribing allergy drops** (Sublingual Immunotherapy). AACAI®

Get started today!

①

Email (information@alleralt.com) to learn about our simple prescribing process, and to request a free sample of our All Inclusive (Environmental or Food) allergy drops for

Patient Name: _____

Drops prepared and shipped by a licensed compounding pharmacy.

Email for a FREE sample of allergy drops for the patient who brought you this flyer.

AllerAlt

The No Shots Allergy Drops Solution

Treat the cause not the symptoms

I have been practicing Family medicine for a period of greater than 30 years. I have never seen a treatment do so much for so many with so little risk as the AllerAlt system does. I have been amazed!

MD - Florida

As a medical professional I have had great success with the AllerAlt drops prescribing them to all ages including children who could not tolerate more than 3 foods but who now can eat everything as well as to professional athletes who need to be on their game at all times.

PA - Arizona

I am a medical professional and have had allergy symptoms my whole life... I started AllerAlt drops and within a month I was able to stop using my daily antihistamine for the first time in 40 years! My patients, both children and adults, have agreed that starting AllerAlt drops have made life much more enjoyable!

NP - Minnesota

In my Concierge practice having AllerAlt allergy drops (Sublingual Immunotherapy) as an additional service to offer my clients has been invaluable. The ease and convenience of the take-at-home allergy drops (SLIT) has been outstanding for my clients and for treatment of their allergy related symptoms.

DO - Arizona
